# HERE'S HOW IT WORKS...

**1** CHOOSE your ceramic piece.

We have hundreds to choose from!

**2** SELECT the glaze colors.

We can help you decide if you're not sure where to start.

**3** CREATE your masterpiece!

We have stencils, ideas and staff available to assist.

*We feel...* that sitting down to create can help to provide an opportunity to talk about life and soulfully connect with those we love. This can be hard to come by nowadays. With schedules packed full of things 'to-do' and the constant use of technology - it's almost impossible to get to truly know the people who we spend most of our time with.

So, we are proud to offer a space which can provide families and friends a great way to enjoy some quality time together. And the fun part; you'll end up with a treasure to keep for the rest of your lives! Come in and see what you can create together!

We even have food bowls and treat jars you can create for your little critters.
